Fall 2026

WVU Medicine

Physician & Provider

Referral Directory

Welcome,

The healthcare needs of the Eastern Panhandle continue to grow, and WVU Medicine is growing to meet them.

As we look ahead to 2027, the momentum continues. January marks an exciting milestone with the opening of our new open-heart surgery program at Berkeley Medical Center, further expanding access to advanced cardiovascular care in our region. We are also continuing to grow our presence in the Winchester community, creating additional opportunities for patients and providers to connect with WVU Medicine services.

While these investments are significant, our focus extends beyond new programs and facilities. We remain committed to improving access across our entire East Region by reducing new patient wait times, expanding points of care, and making it easier for patients to navigate the healthcare system. We believe access to care should be simple, from scheduling an appointment to traveling to receive it.

As our network continues to expand, we remain focused on strengthening connections among physicians, providers, and hospitals to support seamless coordination and timely access to specialty expertise.

This Physician and Provider Referral Guide is designed to help you navigate our network and connect patients with the right services and specialists. Together, we share a commitment to improving the health of our communities through exceptional patient care, expanded access to healthcare services, and the advancement of medical education.

Thank you for your partnership and for the important role you play in caring for the patients and families of our region.

With sincere appreciation,

Mark O'Hern
Regional President, WVU Hospitals East,
President and CEO, WVU Medicine Berkeley Medical Center

Table of Contents

4	Primary Care / Pediatrics Locations
6-9	Behavioral Medicine and Psychiatry – Martinsburg
9-11	Behavioral Medicine and Psychology – Martinsburg
11	Children's Mobile Crisis Team
12	Center for Diabetes and Metabolic Health
13-15	Ear, Nose and Throat
16-17	Endocrinology
17-18	Foot and Ankle Surgery / General Podiatry

Your Connection to WVU Hospitals East

Our business development and physician liaison team is here to make it easier for referring providers and their teams to connect patients with care at Berkeley Medical Center, Jefferson Medical Center, and WVU Medicine specialty services throughout the Eastern Panhandle and surrounding region.

Our Practices Proudly Serving the Eastern Panhandle of West Virginia
